

*Biscayne Times* is the monthly news magazine for the Biscayne Corridor, from downtown Miami to Aventura, including all the island communities.

We are a unique type of niche publication, geographically targeted and committed to the interests of our well-educated, prosperous readers, more than 75,000 of them.

Our customers demand and receive intensely local journalism that is smart and sophisticated, presented in an uncluttered advertising environment free of prurient messages. You could call us a clean-cut, hyper-local, niche newspaper-magazine hybrid, though that's quite a mouthful.

We are now in our 14th successful year and are continuing to grow despite recent adverse economic conditions. For that we have our loyal readers and satisfied advertisers to thank.

For more information see our media kit below. And please feel free to call us at any hour. Thank you for your interest.

Sincerely,

*Jim Mullin*
